

Memory-Game: Use-Case-Diagram

## Memory Game

`<div>`  
`class="cardContainer"`

```
<div class=cardContainer>  
  <span>  
    </div>  
</div>
```

--> span should be as large as the  
div so its backgroundcolour can  
cover the colour of the div

click

`<div>`  
`id="container"`
